

Discover the latest way to Share a Coke, with Mini Duos! Two 7.5oz cans of your favorite Coca-Cola beverage in one convenient package. Available in convenience store coolers, it's the first of its kind for Coca-Cola mini cans.

The design focuses on simplicity, unity, and togetherness. With an easy to grab handle, you can pick up a pair mini cans with just one hand to share with your best pal, or keep one for later. The package is made from 100% recyclable paperboard to align with Coca-Cola's World Without Waste sustainability goal. The light-weight and modern design is easy to manufacture and assemble while being a cost-effective packaging solution. In a world where we all need each other, the phrase "mini moments, mighty memories" on the packaging appeals to the emotional side of the consumer. The exciting new package will help create fun and memorable moments, together.
